FCS TAP offers flexible, time-limited funding assistance to Foundational Community Supports (FCS) supportive housing (SH) enrollees with behavioral health treatment needs. What are FCS TAP eligibility criteria?

To receive FCS TAP funding, a person must meet all of the following criteria:

1. Be actively receiving FCS-eligible Medicaid
2. Be currently authorized to receive FCS-SH services and active FCS-SH enrollment segments in ProviderOne
3. Identify as experiencing a behavioral health treatment need

What documentation is needed for FCS TAP?

Update FCS-SH care plan and documentation in subsequent progress notes. Retain receipts and other documents related to TAP expense in enrollee file or agency accounting office.

Does an FCS-SH enrollee's behavioral health treatment need to be verified for them to use FCS TAP funding?

Providers must indicate behavioral health treatment need by selecting the FCS enrollee's treatment need on the online *FCS TAP Reimbursement Request Form* when submitting to Amerigroup Washington, Inc. However, a behavioral health diagnosis does not need to be validated to access FCS TAP funding.

How can FCS TAP be accessed by FCS-SH enrollees?

FCS-SH enrollees cannot request TAP funds directly. They need to request TAP funds through their FCS-SH provider.

Does an FCS-SH enrollee need to have Medicaid to access TAP?

Review the **Medicaid Eligibility Check for FCS** document to see the benefit service packages and Recipient Aid Category (RAC) codes that are FCS-eligible.

How do we know if someone is authorized to receive FCS-SH services?

Providers receive an FCS service authorization from Amerigroup for anyone who is determined eligible for FCS-SH services. Additionally, it is the provider's responsibility to ensure FCS-SH enrollment segments are active and correct in ProviderOne. See the **FCS Enrollment Inquiry Process Guide**.

Some FCS enrollees are currently eligible for longer-term rental assistance programs. Are they able to use FCS TAP?

Absolutely. When an FCS enrollee is offered longer-term rental assistance from local, state, or federal affordable housing programs — including rental assistance — FCS TAP can cover move-

in costs and other initial costs and may be able to provide supplemental funding to help make a new apartment home. FCS TAP can cover a variety of costs before, during, and soon after a housing transition. The program also aims to provide support where longer-term rental assistance programs cannot.

Will FCS TAP assistance be paid directly to the FCS-SH enrollees?

No, all funds will be paid directly to the FCS-SH enrollees' assigned FCS provider to then pay entities providing goods and/or services (for example, landlords, property management companies, utility providers, and others).

If an FCS-SH enrollee previously requested funds that were determined to be ineligible, can funding be requested in the future?

Yes, previous denials of FCS TAP funding do not impact an FCS-SH enrollee's ability to request future funding unless they are no longer eligible for FCS-SH services.

Do FCS TAP requests need to occur within a certain time frame of being discharged for an FCS-SH enrollee to be eligible?

No, FCS TAP offers funding assistance to FCS-SH enrollees seeking to transition into quality, affordable housing that they choose. While an aim of FCS TAP is to engage enrollees discharging from behavioral health inpatient settings, all FCS-SH enrollees with a behavioral health treatment need are eligible when making housing transitions (including preventing eviction).

Are individuals who are not discharging from inpatient facilities able to receive FCS TAP funding?

Yes, if an FCS-SH enrollee has a behavioral health treatment need and they are making a housing transition, then they are eligible to use FCS TAP funds.

Can we bill for helping an FCS-SH enrollee utilize TAP funds?

When providers engage in the housing search, identification, and obtainment with or on behalf of FCS-SH enrollees, they can bill for services through FCS-SH. Delivering FCS TAP funding on behalf of an FCS-SH enrollee is also considered a billable service.

Administrative functions related to the provision of FCS TAP are not reimbursable. However, the program aims to increase the number of billable services associated with FCS TAP provision via per diem enrollee engagement.

Can FCS TAP assist families if only one member is enrolled in FCS?

FCS TAP can only assist FCS-SH enrollees by covering certain housing-related costs. If an FCS-SH enrollee plans to reside with others, FCS TAP can only provide funding assistance for the FCS-SH enrollee residing in the home with a proper roommate agreement or lease.

Do we first get blanket approval for FCS TAP spending, or do we need approvals for each individual expense?

Providers are only authorized to spend on behalf of that enrollee who meets the eligibility criteria and for covered items listed on the *FCS TAP Quick Reference Guide*.

Can FCS TAP help with moving into assisted living or retirement communities?

No, FCS TAP can only be used by FCS enrollees to enter independent housing of their choice. Costs related to entering and residing in assisted living settings is not coverable by FCS TAP. If an enrollee is seeking to transition to an independent rental setting, FCS TAP can be used.
