Care you need, close to home

Wellpoint wants to give you access to the best care. That is why we partner with many providers in your region, and across Tennessee. Use this directory to find local doctors, hospitals, and specialists near you. This directory only lists providers in your region. You can always see a network provider even if that provider is not in your region.

Get all your benefits

We make it easy for you and your family to get the care you need and deserve. To learn more about your plan's covered benefits, services and copays, if applicable, visit wellpoint.com/tn/medicaid. You will find the latest member handbooks there, too.

Your primary care provider

Your primary care provider (PCP) will get to know you and your health history. He or she will be your first stop for all your regular care needs. Your member ID card has the name of your PCP.

It is easy to change your PCP. Just pick one listed in this directory or use the tool on the member website. To change or choose your PCP:

- Go to wellpoint.com/tn/medicaid and log in to your secure account.

Switching your PCP will not cause you to lose any of your health care benefits as long as that PCP is a Wellpoint plan provider.

How to get OB-GYN services

You have the right to see a Wellpoint OB-GYN without a referral from your PCP for services, including:

- One well-woman checkup per year.
- Care related to pregnancy.
- Referral to a special doctor in the network.

How to get behavioral health services (mental health and substance abuse)

You can call Wellpoint for help with mental healthcare and alcohol or substance abuse treatment. Visit wellpoint.com/tn/medicaid or call Member Services at **833-731-2153 (TRS 711)** to get the name of a doctor, therapist, or counselor who will see you. All services and treatment are strictly private.

You do not need to see your PCP to get these services.
